Doris Dumais
Director, Approvals
Environmental Assessment & Approvals Branch
Ministry of the Environment
2 St. Clair Avenue West, Floor 12A
Toronto, ON M4V 1L5

Dear Ms. Dumais:

**RE: Application for Approval of a Renewable Energy Project
Injasuti Developments, Proposed Class 3 Solar Farm
Flowerburn Solar Farm (FIT – FCPCUL5)
43777 Fruit Ridge Line (Part of Lot 9, Concession 4), Municipality of Central Elgin
OUR FILE 08220B**

On behalf of our client, Injasuti Developments, we are pleased to submit the enclosed application for a Renewable Energy Approval (REA) for a proposed Class 3 solar farm in the Municipality of Central Elgin. The property is located southwest of Fruit Ridge Line and Centennial Road and is approximately 5 km southeast of St. Thomas. Approximately 6.2 hectares (15.3 acres) of the property are proposed for the solar farm (Flowerburn Solar Farm).

The following materials are enclosed with this application:

- Application Form (Approval for a Renewable Energy Project)
- Application Fee (\$1,000)
- Checklist for Requirements under O. Reg. 359/09
- Project Description Report (Prepared by MHBC, September 8, 2011)
- Construction Plan Report (Prepared by IBI Group, September 2011)
- Design and Operations Report (Prepared by IBI Group, September 2011)
- Decommissioning Plan Report (Prepared by IBI Group, September 2011)
- Acoustics (Noise) Report (Prepared by HGC Engineering, September 12, 2011)
- Natural Heritage Assessment Report (Prepared by Biologic, August 30, 2011)
- Environmental Impact Study (Prepared by Biologic, September 8, 2011)
- Archaeological and Heritage Resources Technical Memorandum (Prepared by MHBC, September 8, 2011)
- Consultation Report (Prepared by MHBC, September 8, 2011)

- Oil, Gas & Salt Resources Search Memo (Prepared by MHBC, September 8, 2011)

The above-listed materials are enclosed as a hard copy (3 copies) and are also included on a CD. The complete application package has also been delivered to the MOE District Office in London.

The Ministry of Natural Resources reviewed the Natural Heritage Assessment (NHA) and Environmental Impact Study (EIS) and provided their clearance in accordance with Sections 28(2) and 38(2)(b) of Ontario Regulation 359/09. The MNR clearance letter, dated September 8, 2011, is enclosed in Appendix K of the Consultation Report.

The Oil, Gas & Salt Resources Search Memo was submitted to the MNR office in Aylmer on September 8, 2011 for review and approval.

Should you have any questions or require clarification, please contact me.

Yours truly,

MHBC Planning

David Aston, MSc, MCIP, RPP
